If others, specify

Sample Type

- Sediment
- Ice/Snow Core
- Water
- Soil
- Rock
- Atmospheric
- Biological
- Instrument Data
- Physiological
- Other

If others, specify

Do you plan for field camp?

- Yes
- No

Operational Plan in Brief

Provide details in bullet points: 300 words

Operational Support for Camping or Other Purpose

Lab Tech
Vehicle Mechanic
Vehicle Electrician
Generator Operator
Medical Support
Carpenter
Welder
Other

Any other information

Additional Fuel Requirement

Specify fuel requirement for your instruments (ATF, Kerosene, Petrol etc)

Transport Requirement

Pisten Bully
Snow Scooter
ATV
Helicopter
Boat
Sledge
Other

Camping Details

Laboratory Requirement

Please see advisory for list of instruments available at both stations

Do you intend to use DRONES? Provide details

Please attach maps with survey area

Power Requirement for Instruments

Provide distance from station, power consumption details etc.

Safety Equipment

We kindly request all participants to bring their own basic safety equipment. Should you need any additional items, please let us know in advance. While NCPOR will assist where possible, we may not be able to provide all equipment.

Any other information

Cargo Details

Provide close estimation of cargo to be transferred to Antarctica

Hazardous Cargo

Please declare any chemicals, batteries, acids, or hazardous items to be transported. Most airlines will not carry them, so these may need to be purchased in Cape Town by the PI/participant upon arrival.
